

Prestigious Living in the Vibrant New Mega District

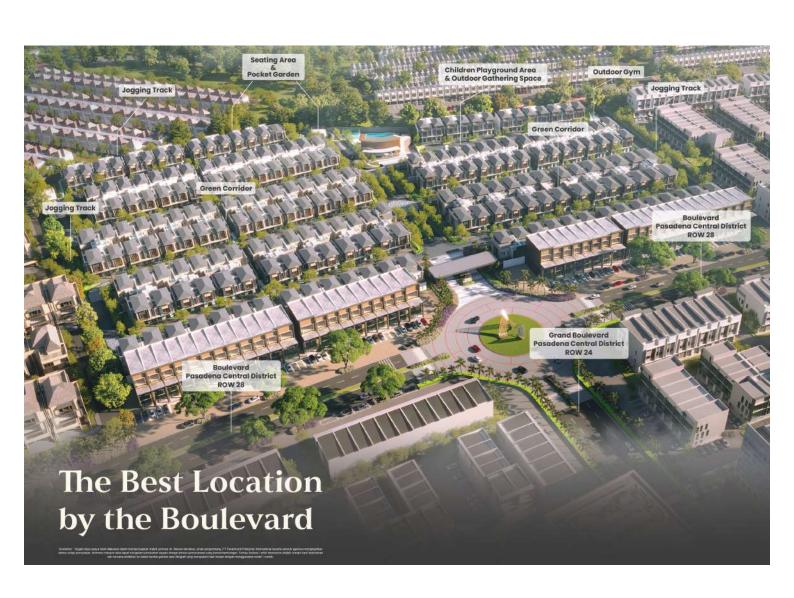

Majestic

At the heart of Pasadena lies a majestic roundabout, designed in a beautiful shape inspired by Pasadena city's characteristic valleys or hills. This striking feature, with its wavelike ribbon shape and rich bronze color, reflects the vibrant spirit of our city. As the centerpiece of urban design, the wave roundabout not only enhances traffic flow but also stands as a symbol of Pasadena's artistic flair and innovation, inviting all who pass by to appreciate its unique blend of form and function.

A vibrant communal space designed for everyone to enjoy. This dynamic clubhouse features a flexible multi-function room for gatherings and events as well as indoor and outdoor lounges perfect for relaxation and socializing. Dive into fun with a refreshing swimming pool while the children enjoy their own safe, separate pool. If they're not into swimming, they can have a great time at the dedicated playground. Engage in friendly competition with the 3-on-3 basketball court, ping pong arcade, and putter line. The Social Clubhouse it's a place where community bonds, and every resident feels at home.

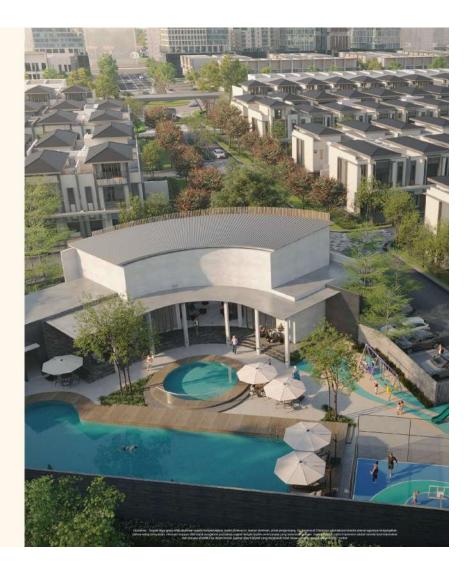

Modern Classic

Grand Pasadena Village features a modern classic façade that elegantly merges timeless charm with contemporary style. The artistic shade design helps soften intense sunlight, creating a comfortable ambiance while allowing natural light to fill the interiors. The open-plan layout ensures excellent sunlight and air circulation throughout the building, which is combined with the overstacked long canopy, effectively manages heat and makes the building well-suited for tropical climate. Finished in a sophisticated grey with vertical accents and premium sintered stone slabs, the building projects a strong yet refined character. Grand Pasadena Village offers a seamless blend of aesthetics and functionality for a truly inviting living space.
